

# **Brunei communication base station wind and solar complementary 30kva dedicated transformer**

## Overview

---

How many kWh will solarvest generate in Brunei?

It is expected to generate 64,473,000 kWh once it starts commercial operations, which will be supplied under a 25-year power purchase agreement (PPA) with the Government of Brunei, represented by the Department of Electrical Services. Solarvest says the project will be built for an estimated BND 34 million (\$26.46 million).

Why is Brunei launching a solarvest project?

Solarvest executive director and group chief strategy officer Leon Liew Chee Ing said the project reflects Brunei's strong commitment to a cleaner, more sustainable energy future, given the nation's abundance of fossil fuels.

What is Brunei's largest national solar project?

KUALA LUMPUR: Solarvest Holdings Bhd's subsidiary Atlantic Blue Sdn Bhd has secured Brunei's largest national solar project, with a generation capacity of 30 megawatts (MW). The project will be developed through a joint venture company, Seri Suria Power (B) Sdn Bhd, in partnership with Serikandi Oilfield Services Sdn Bhd and Khazanah Satu Sdn Bhd.
