Cambodia photovoltaic cell modules

Overview

Are crystalline silicon photovoltaic cells antidumping or countervailing duty?

The American Alliance for Solar Manufacturing Trade Committee filed both antidumping duty petitions and countervailing duty petitions on crystalline silicon photovoltaic cells, whether or not assembled into modules, from Cambodia, Malaysia, Thailand and Vietnam.

Can I import solar cells from Cambodia?

Imports of solar cells and modules from Cambodia, Malaysia, Thailand, and Vietnam will not be subject to suspension of liquidation or cash deposit requirements if accompanied by a certification attesting that they are not circumventing the ADD/CVD orders. There are three types of certifications:.

Does Cambodia export solar panels?

In 2022, Cambodia's solar panel exports soared by 2.8 times year-on-year to USD1.0 billion; the share of solar panel exports to the country's total exports rose to 4.6 percent from 1.4 percent.

What is the Commission's report on crystalline silicon photovoltaic cells?

The Commission's public report on Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled into Modules, from Cambodia, Malaysia, Thailand, and Vietnam (Inv. Nos. 701-TA-722-725 and 731-TA-1690-1693 (Final), USITC Publication 5631, June 2025) will contain the views of the Commission and information developed during the investigations.

Why should Cambodia invest in solar panels?

Despite facing significant challenges, Cambodia possesses several advantages that would support the continued development of its solar panel industry. Cambodia can diversify its export destinations from the U.S. to developing economies, such as those in the Middle East or Africa who are transiting to greater use of renewable energy.

Which crystalline silicon photovoltaic cells are excluded from the study?

Also excluded from the scope of the investigations are crystalline silicon photovoltaic cells, not exceeding 10,000 mm² in surface area, that are permanently integrated into a consumer good whose function is other than power generation and that consumes the electricity generated by the integrated crystalline silicon photovoltaic cell.

Cambodia photovoltaic cell modules

New Antidumping Duty and Countervailing Duty Petitions on ...

On April 24, 2024, antidumping duty (AD) and countervailing duty (CVD) petitions were filed on crystalline silicon photovoltaic cells, whether or not assembled into modules, from Cambodia, ...

Federal Register :: Crystalline Silicon Photovoltaic Cells, Whether ...

Based on affirmative final determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC), Commerce is issuing ...

[New Antidumping and Countervailing Duty Petitions ...](#)

Petitioner alleges that imports into the United States of CSPV cells and modules from the four subject countries have increased over the past few ...

Federal Register :: Antidumping and Countervailing Duty Orders ...

The U.S. Department of Commerce (Commerce) preliminarily determines that, except as noted

below, imports of certain crystalline silicon photovoltaic cells, whether or not ...

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled ...

The U.S. Department of Commerce (Commerce) determines that imports of crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells) from ...

:: Crystalline Silicon Photovoltaic Cells, Whether or Not ...

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From Malaysia and Thailand: Amended Final Countervailing Duty Determinations; Crystalline ...

Cambodia's Solar Panel Exports: A Little Spark or a Mighty Flame?

For decades, Cambodia's high economic growth has been fueled by strong garment exports, supported by tourism. However, a new trend in the country's exports has ...

DEPARTMENT OF COMMERCE International Trade ...

1 See Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled into Modules, from Cambodia, Malaysia, Thailand, and the Socialist Republic of Vietnam: Initiation of ...

Crystalline Silicon Photovoltaic Products (Solar Panels) From Cambodia

These investigations cover crystalline silicon photovoltaic cells of thickness equal to or greater than 20 micrometers, having a p/n junction formed by any means, whether or not ...

Federal Register, Volume 90 Issue 79 (Friday, April 25, 2025)

[Federal Register Volume 90, Number 79 (Friday, April 25, 2025)] [Notices] [Pages 17406-17410]
