

SolarMax Pro Energy Storage Systems

Energy storage power bank pure battery

Overview

Secure uninterrupted power with PuREPower residential energy storage solutions. Advanced lithium battery backup for homes, solar-ready, safe, and scalable. What are battery storage and power banks?

Battery storage and Power Banks are transforming the way we use and manage energy, offering both economic and environmental advantages. Here's how incorporating these technologies can benefit you: Battery storage systems allow you to store excess energy generated from renewable sources like Wind Turbines and Solar Panels.

Which power storage solutions are available?

For an on and off-grid power storage solution you can depend on, check out the advanced Battery Storage and Power Bank Solutions available from Synergy. We have everything you need to run your own powerful energy storage solutions. So you can use clean, renewable energy whenever you want.

What types of energy storage products does pure offer?

The offerings include solar-compatible home solutions, commercial units for businesses, and large-scale storage for utilities, supporting renewable energy integration and grid stability. Electric mobility and battery manufacturer PURE today unveiled energy storage products for home, commercial and grid applications.

How much battery does a power bank have?

This power bank has a 13000mAh Li-ion battery. It comes with two USB ports on the top edge that can fast charge devices simultaneously. The power bank also features a battery indicator, a power button on the side edge, and a micro-USB port for charging.

Why should you choose synergy battery storage & power bank products?

Power Banks: High-performance models that cater to various needs, ensuring you're always powered up. At Synergy, we hand-pick our battery storage and power bank products to ensure they meet our high standards. Enjoy peace of mind with: Lengthy Manufacturer's Warranties: Trust in the quality and durability of our products.

Will PurePower offer commercial energy storage products?

For businesses, PuREPower will offer commercial energy storage products with capacities ranging from 25 KVA to 100 KVA. The company is planning to open bookings for these products by September quarter of the financial year 2025-26.
