

Huawei Outdoor Power Ultimate Series

Overview

Is the Huawei Watch ultimate a good outdoor watch?

The Huawei Watch Ultimate is a good first attempt at an outdoor watch, with scope for Huawei to make some improvements that would make it a better watch for exploring and using it when you're not scaling a mountain range. If you're a diving fan, there's plenty for you here.

How much does the Huawei Watch ultimate cost?

Is is available in Europe for €749 euros in Expedition Black, and €849 in Voyage Blue. The Huawei Watch Ultimate takes its cues from other premium outdoors watches such as the Garmin Enduro 2 and its principle rival, the Apple Watch Ultra – they're all big watches with large faces and super-tough cases.

What makes the Huawei Watch ultimate so special?

Huawei didn't cut corners with the Watch Ultimate—it's built like a tank but polished like a luxury timepiece. At the heart of this rugged masterpiece is a zirconium-based liquid metal case, which is not just marketing fluff.

What makes the Huawei ultimate a dive watch?

There's a clear aim from Huawei to make the Ultimate feel like it's a watch that could be mistaken for a traditional dive watch – think Omega Seamaster or Rolex Submariner. All the materials you'd expect to find on those watches are here like sapphire glass on the watch dial, ceramic in the chassis and bezel with a metal casing up front.

Does the Huawei Watch ultimate look rugged?

Simply put, the Huawei Watch Ultimate doesn't just look rugged—it lives up to the role. It's stylish enough for a black-tie event, yet robust enough to trek through a sandstorm or dive into deep blue waters. Despite its heavy-duty build, the Huawei Watch Ultimate surprises with its wearability.

How long does the Huawei Watch ultimate last?

Under typical usage, the Huawei Watch Ultimate offers up to 14 days of battery life. If you use power-saving mode, it can last up to 21 days. For intensive activities like GPS and diving modes, you can expect around 2 days of battery life. 3. Does the Huawei Watch Ultimate support third-party apps?
