

**SolarMax Pro Energy Storage Systems**

# **Jamaica Photovoltaic New Energy Storage Equipment**

## Overview

---

Will JPS build a solar power plant in Jamaica?

Power utility Jamaica Public Service Company, JPS, is investing US\$300 million to construct Jamaica's largest solar power plant and a battery storage facility, starting this month. The renewable energy facility will replace JPS's aged Hunts Bay.

Is JSS a good solar company in Jamaica?

Jep Solar Solutions (JSS) is committed to being the best choice for solar energy systems in Jamaica. Through them, we can provide guarantee and warranty on the most efficient solar panels, batteries, and other solar equipment. Performance is guaranteed.

How do solar systems work in Jamaica?

In Jamaica, solar systems owners can connect to the electricity grid via a Net Billing, Power Wheeling, or Auxiliary Connections contract. This allows them to have access to the Jamaica Public Service Company Limited (JPS) grid, as per the Electricity Act 2015 and subsequent legislation.

Does JPS have a battery storage facility?

JPS owns the largest battery storage facility which generates up to 24.5MW of electricity. It cost the utility US\$27 million to install in Hunts Bay in 2019. Storage facilities help stabilise the power fluctuations from renewable energy sources like solar and wind.
