## Overview

---

Does Jordan have a solar rebate program?

The Jordanian Ministry of Energy and Mineral Resources has announced a new rebate program for residential PV systems and solar thermal collectors, according to the state-owned Jordan News Agency. The ministry said that the rebates will cover up to 30% of the costs of buying and installing either rooftop PV systems or solar collectors.

Does Jordan cover solar panels?

The Jordanian government says it will cover up to 30% of the cost of buying and installing residential PV systems through its new rebate scheme. The Jordanian Ministry of Energy and Mineral Resources has announced a new rebate program for residential PV systems and solar thermal collectors, according to the state-owned Jordan News Agency.

Why does Jordan need a solar PV installation & maintenance service?

Since Jordan started the solar PV installation in 2012, the demand for solar PV operation and maintenance (O&M) services increased, driven by aging systems requiring inverter replacements (every 8-10 years) and system optimization.

Is there a cap on solar PV projects in Jordan?

In September 2024, Jordan's Council of Ministers lifted the cap on solar PV project sizes, enabling large-scale installations. A notable example is a 50 MW solar power plant financed by Cairo Amman Bank and currently under construction.

How many solar PV projects are there in Jordan?

Jordan Electric Power Company (JEPCO): 591.44 MW (32,257 projects). Irbid Distribution Company (IDECO): 309.32 MW (28,588 projects). Electricity Distribution Company (EDCO): 181.10 MW (13,300 projects). The global

decline in solar PV system prices fueled strong demand for installations during the first half of 2024.
