What are the different types of shipping containers in Nigeria?

There are also container buildings. In Nigeria, the most common types of shipping containers are the standard dry containers. These are typically used for general cargo and come in two main sizes: 20ft and 40ft. They are designed to be weatherproof and secure, making them ideal for transporting a wide range of goods.

What is a refrigerated container in Nigeria?

Refrigerated containers, also known as 'reefers,' are another type found in Nigeria. These containers are equipped with temperature control systems to keep perishable goods like food and pharmaceuticals at a consistent temperature during transit.

What are open-top containers used for in Nigeria?

Open-top containers are also used in Nigeria for transporting oversized cargo that cannot fit into standard containers. These containers have a removable top, allowing for easy loading and unloading of bulky items such as machinery and construction materials.
