Nordic Lithium produces outdoor power supplies

Overview

Who is Nordic batteries?

Nordic Batteries is a company that assemble and custom lithium battery and energy storage solutions. With market and technical expertise, it provides solutions that drive the green transition in key industries such as marine and demanding industrial applications.

What is Nordic batteries doing with Morrow batteries & eldrift?

Nordic Batteries announces it is entering into a strategic partnership with Morrow Batteries and Eldrift to develop complete battery packs for mobile and stationary battery energy storage solutions (BESS). The overall project and product pipeline amounts to 7 GWh until 2030.

Does Norsk lithium have a USB port?

Including us. Norsk Lithium exists to power your passion for the great outdoors. We offer features others can't – like integrated USB ports and battery meters in our ice fishing and kayak batteries. With a lithium battery from Norsk Lithium, you can power your cell phone, aerators, or any other accessory that connects with a USB port.

Where does Nordic batteries build a fully automated battery assembly plant?

With its Industry 4.0 initiative, Nordic Batteries builds a fully automated agile battery assembly plant. The pilot plant is developed in the BATNET-project and will be operational Q1 24. The company has locations in Kongsberg and Høvik outside Oslo.

What is the Nordic battery value chain?

The battery value chain builds upon Nordic traditional strongholds such as automotive, maritime, chemicals, manufacturing and mining. Actors within the Nordic battery ecosystem are active on global markets with strong ambitions and devotion to sustainability.

What is the Nordic battery collaboration?

The Nordic Battery Collaboration is a key initiative. The decision to carry out this report was taken by Business Sweden, Business Finland, Innovation Norway and the Swedish Energy Agency together. All parties are financing the report. The report is conducted by Business Sweden.
