## **Oman s new outdoor power supply market**

## Overview

---

What is the Oman power market report?

The Oman Power Market Report is Segmented by Power Generation From Source (Natural Gas, Oil, and Renewables) and Power Transmission and Distribution (T&D). The Report Offers Market Size and Forecasts in Installed Capacity for all the Above Segments, Except Power Transmission and Distribution (T&D).

What is Oman's power sector?

Oman's power sector is structured around the single buyer model. Oman Power and Water Procurement (OPWP) is the sole purchaser of power and plays a central role in the sector. In 2021 Oman plans to launch an electricity spot market, the first in the GCC. The spot market will allow generators without a PPA to sell electricity to OPWP.

What are the major companies operating in Oman electricity market?

Muscat Electricity Distribution Company, Mazoon Electricity Distribution Company-, Oman Electricity Transmission Company SAOC, Dhofar Power Company (DGC) and Majan Electricity Distribution Company (SAOC) are the major companies operating in this market.

Does Oman have a spot market for electricity?

Oman formally launched a spot market for electricity in January 2022. The spot market is operated by the Oman Power and Water Procurement Company (OPWP), the sole buyer of electricity and water in the Sultanate.

What percentage of Oman has access to electricity?

According to the World Bank, access to electricity amount to 98.0 %. The Oman Power and Water Procurement Company (OPWP) is the planning body for power supplies in the country. OPWP is responsible for securing electricity and water production capacities in the country and the single buyer of power

and water for all IPP/IWPP projects.

What is electricity generation in Omani?

Electricity generation for utilities in the electricity industry is the process of delivering (transmission, distribution, etc.) electricity to end users or storing it. The Omani power market is segmented by power generation by source and power transmission and distribution (T&D).
