

Peru Portable Outdoor Energy Storage Power Supply

Overview

Why should you buy a Perun portable power system?

Keep them charged and ready for emergency power or take them with you for working remotely, to the park, camping, or just in the backyard. If your job requires power in the field for a computer, tablet, lighting, and other electronics the Perun portable power systems are the perfect solution!.

How much power does a Perun portable power station provide?

The Perun Portable Power Stations provide up to 4000w Peak and 2000w continuous running power for your home, office, and on-the-go. Keep them charged and ready for emergency power or take them with you for working remotely, to the park, camping, or just in the backyard.

What are outdoor power supplies?

These devices deliver reliable electricity in various settings, making them perfect for camping, outdoor festivals, and remote job sites. With advancements in technology, outdoor power supplies have evolved, offering higher efficiency, portability, and user-friendly features that cater to a diverse range of applications.

Why should you buy an outdoor power supply?

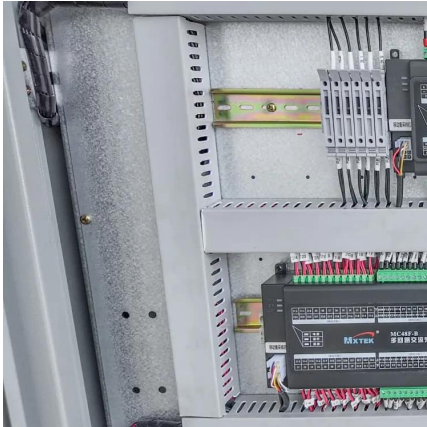

Portability: Many outdoor power supplies are designed with lightweight materials and built-in handles, making them easy to transport. **Multiple Output Options:** Equipped with various ports, including AC, DC, USB, and even wireless charging, they provide versatility in powering different devices.

Does the Perun ds-100w work with a portable power station?

There are fold-out kickstands on the back of the panel to allow you to position it for optimum charging results. The DS-100W is compatible with all Perun portable power stations. Perun powers your life™
