

**SolarMax Pro Energy Storage Systems**

## **Portable Power Screen**

## Overview

---

What can Powerscreen do for You?

Powerscreen has a range of crushing and screening equipment capable of handling the toughest applications. Our products have been developed to cope with the most difficult minerals and materials within the aggregates, mining and recycling industries.

Why should you buy a Pitbull power screener?

Easy Set-Up & Efficient Screening. All commercial soil screeners for sale by Pitbull are built in America using the highest quality materials available. With heavy duty construction, easy-to-change screens and an accessible control panel, you'll wonder how you've been doing your job without a Pitbull power screener.

Where is Powerscreen manufactured?

The company was founded in 1966 under the name of Ulster Plant in County Tyrone, Northern Ireland where the research, development, and manufacturing of products continues today. Powerscreen has a range of crushing and screening equipment capable of handling the toughest applications.

What materials can be processed by Powerscreen?

Anything from construction and demolition waste to soils, composts, and other organic materials can be processed by Powerscreen's range of crushers and screens. The Powerscreen founders pioneered the concept of mobile screening: taking the machines to the quarry face rather than the expensive process of moving the material to the machine.

What are the different Powerscreen models?

Models include the Powerscreen Warrior 600, Warrior 800, Warrior 1400X, Warrior 1800, Warrior 2100, and Warrior 2400. The Powertrack is a high

capacity heavy duty mobile scalping and conveying unit.

Is Powerscreen a sustainable company?

Powerscreen is positioning itself for sustainable growth in what it believes is one of Europe's most dynamic markets. The Powerscreen Ireland team will showcase an impressive lineup of Powerscreen equipment at ICE EXPO, including the popular Premiertrak 450 Jaw and 1300X Maxtrak Cone crushers. Powerscreen of Canada Celebrates Golden Milestone!
