

Romania New Energy Storage Project

Romania New Energy Storage Project

Energy storage fever has gripped Romania. More and more large ...

In an accelerated wave of investments, companies in Romania are combining battery energy storage systems (BESS) with solar, hydro or wind energy, or building ...

ROMANIA: The Ministry of Energy launches a 150 million euro ...

The Ministry of Energy will allocate another 150 million euros for electricity storage batteries, as shown in a call for projects launched in public consultation. According to a press ...

Nova Power & Gas confirms investment in Romania's largest ...

Nova Power & Gas, a Romanian energy company and part of the E-INFRA group, announces the start of the largest battery storage project in Romania. The facility, to be built in ...

[Nova Power & Gas doubles Romania's storage capacity](#)

The new battery energy storage system (BESS) is expected to become operational by the end of

2025. According to the company, Nova is currently the national leader in energy ...

Nova Power & Gas confirms investment in the largest battery storage

Bucharest, July 22, 2025 - Nova Power & Gas, a Romanian energy company and part of the E-INFRA Group, announces the launch of the largest battery energy storage project in Romania.

Romania seeks to finance energy storage projects

Romania's Prime Minister wants to increase energy storage capacity in Romania to attract investors for the Tarnita-Lapustesti hydroelectric power plant. It also proposes financing ...

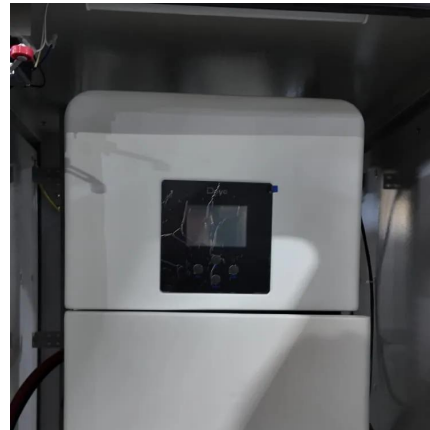

A new battery energy storage facility has received ...

The Energy Regulatory Authority has issued the establishment authorization for a new battery storage facility, from 60 MW, of the group ...

[Romania's ambitious energy storage plans: 5 GW by ...](#)

Romania expects its overall energy storage to amount to at least 2.5 GW in operating power at the end of 2025, and to expand to as much as 5 ...

Romania opens EUR 150 million pot for co-located battery storage

The Romanian Ministry of Energy has launched a grant program for battery energy storage systems developed in conjunction with existing renewable energy facilities - wind, ...

[Romania to grant EUR 150m to add new standalone ...](#)

Romania has opened a programme supporting the installation of standalone battery energy storage systems (BESS) with a total of EUR 150 ...

Romania: Trina Storage to Deliver 65MWh Battery System for ...

Trina Storage is set to supply a 65MWh battery energy storage system (BESS) for a new project in Romania, marking its first deployment in the country. The initiative, located in ...

Romania targets 5 GW of installed BESS capacity by 2026 , Energy

Romania aims to have at least 2.5 GW of battery energy storage systems (BESS) in operation by next year and to surpass 5 GW of capacity by 2026 under a plan that is seen to ...

Romania opens EUR150 million pot for co-located battery ...

The Romanian Ministry of Energy has launched a grant program for battery energy storage systems developed in conjunction with existing ...

[Monsson plans 2GWh BESS in Romania with 'own ...](#)

IPP and energy trader Monsson has kicked off the environmental permit process for a 2GWh BESS project in Romania, which an executive said ...

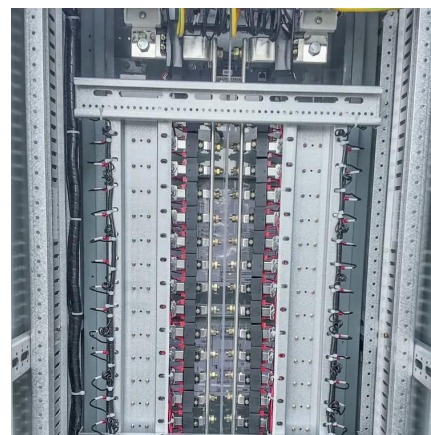

Renewable Energy in Romania 2025: Progress and Investments

"I am pleased to announce that the Ministry of Energy is launching a new call for projects financed through the Modernization Fund, aimed at investments in energy storage capacities (batteries).

[Spotlight on Romania: The 600 MWh battery storage ...](#)

Leading the development is Nova Power & Gas, part of the Romanian E-Infra Group, which has unveiled plans for the nation's largest ...

Romania: New solar projects advance with over 100 MW in ...

Eximprod Grup is preparing to commission a 65 MW photovoltaic facility in Prahova County, north of Bucharest, with plans to add a battery energy storage system after ...

[Romania launches new call for energy storage projects](#)

Romania's Ministry of Energy has announced the launch of a new call for projects under the program Supporting Investments in the Development of Electrical Energy Storage ...

ENERGY STORAGE

Romania will have an unprecedented advance in the field of photovoltaics in 2025, but remains extremely deficient in energy storage, according to representatives of the Kilowat ...

Nova Power & Gas confirms investment in the largest battery ...

Bucharest, July 22, 2025 - Nova Power & Gas, a Romanian energy company and part of the E-INFRA Group, announces the launch of the largest battery energy storage project in Romania.

Monsson plans 2GWh BESS in Romania with 'own storage solution'

IPP and energy trader Monsson has kicked off the environmental permit process for a 2GWh BESS project in Romania, which an executive said will use its own patented energy ...

Battery storage project pipeline in Romania in rapid expansion

In a rising investment wave, firms in Romania are combining energy storage with solar, wind and hydropower or building standalone systems.

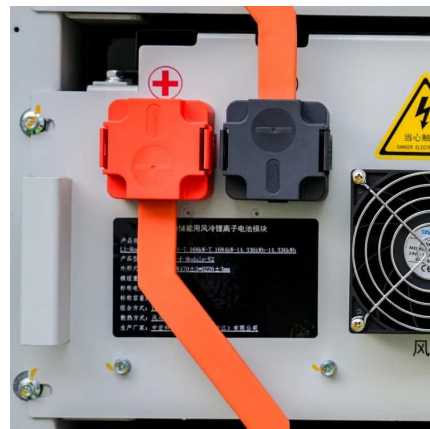

[Romania's Energy Strategy 2025-2035: A Blueprint for ...](#)

The Romanian government has introduced its most ambitious energy roadmap to date: the Energy Strategy for 2025-2035, with a forward-looking vision for 2050. This strategic ...

[Romania advances energy transition with major ...](#)

Romania's Ministry of Energy has reached two additional milestones under the National Recovery and Resilience Plan related to battery ...

[Spotlight on Romania: The 600 MWh battery storage boom](#)

Leading the development is Nova Power & Gas, part of the Romanian E-Infra Group, which has unveiled plans for the nation's largest battery project to date. The company ...

Romania targets 5 GW of installed BESS capacity by ...

Romania aims to have at least 2.5 GW of battery energy storage systems (BESS) in operation by next year and to surpass 5 GW of capacity by ...

Romania's ambitious energy storage plans: 5 GW by end-2026

Romania expects its overall energy storage to amount to at least 2.5 GW in operating power at the end of 2025, and to expand to as much as 5 GW a year later, local ...
