

SolarMax Pro Energy Storage Systems

Swiss battery energy storage system supplier

Overview

As a Swiss Engineering, Procurement and Construction (EPC) specialist, we implement customised, modular battery storage solutions that increase your energy efficiency and reduce costs. Flexible, scalable and sustainable – all from a single source and close to you. Which energy storage projects have been commissioned in Switzerland?

Axpo commissioned its BESS in February this year while utility Thurplus commissioned a 3MW system in September last year. But Switzerland was the location for one of the largest energy storage projects commissioned in recent years, a 20GWh pumped hydro energy storage (PHES) unit which started operations in June 2022 in the Canton of Valais.

What is Swiss clean battery?

Swiss Clean Battery focuses on the stationary fields of application of “home storage” and “industrial buffer”, because the demand and contribution to solving problems in the energy transition is equally great here. An uninterrupted power supply, i.e. the balance between supply and demand, is essential for the power grid as a whole and for industry.

Where in Switzerland will Primeo energy install a battery storage system?

In Kappel, in the canton of Solothurn, we will install one of the largest battery storage systems in Switzerland with a total capacity of 65 megawatt hours. Primeo Energie will use the stand-alone storage system to make energy more flexible and store electricity temporarily and withdraw it again when it is needed.

How will a large-scale storage system help the Swiss power grid?

In this way, the system will help to stabilise the Swiss power grid. With this large-scale storage system, we are making a decisive contribution to the implementation of Switzerland’s Energy Strategy 2050, which aims to convert 100 per cent of its energy supply to renewable energies by 2050.

Does Switzerland's new large-scale battery support the Energy Strategy 2050?

The new large-scale battery for Switzerland in Kappel supports the Energy Strategy 2050 and supports renewable energies.

Is MW storage the country's largest battery storage project?

MW Storage is a developer of BESS projects which is also active in the German market, with a 100MW/200MWh project underway that it claimed is the country's largest. The inauguration ceremony for the BESS project. Image: EWS AG. EWS AG and MW Storage have expanded a battery storage project in Switzerland to 28MW, making it the country's largest.

Swiss battery energy storage system supplier

[Large-scale battery for Switzerland: 65 megawatt ...](#)

Primeo Energie will use our storage system to provide energy flexibility. The battery stores surplus electricity from renewable sources and feeds it back into ...

[Switzerland: EWS and MW Storage expand battery ...](#)

Utility EWS AG and developer MW Storage have completed the expansion of a battery energy storage system (BESS) project in Switzerland ...

27 Top Energy Storage Companies in India · September 2025

Detailed info and reviews on 27 top Energy Storage companies and startups in India in 2025. Get the latest updates on their products, jobs, funding, investors, founders and ...

Redux Energy Switzerland

Redux Energy supplies Battery Energy Storage Systems (BESS) in line with Swiss quality standards, which are the highest in the world in

terms of safety, longevity and performance.

[Swiss gravity battery contributes to China's energy ...](#)

How can excess electricity produced by the sun and wind be prevented from being lost? A gravity battery developed in Switzerland stores ...

Swiss Clean Battery

We have the only exclusive license to date for mass production of these solid-state batteries and an additional license to market industrial storage systems in Switzerland and Germany. With ...

[Energy Storage Suppliers In Switzerland](#)

Libattion is a Swiss company that produces industrial energy storage solutions. Their offerings are distinguished by a commitment to quality, sustainability, and safety. With their advanced green ...

A Swiss Energy Supplier Now Operates a 100MW Battery Storage System

Swiss energy supplier Axpo has announced that it has acquired and taken over a 1.25MW battery storage system owned by Rhienergie AG, a German power supplier based in the Swiss ...

[Ranking of Swiss energy storage companies](#)

Find the most complete and detailed compilation of the best energy storage companies. The catalogue consists of over 40 top providers of energy storage solutions.

Large-scale battery for Switzerland: 65 megawatt hours of capacity

Primeo Energie will use our storage system to provide energy flexibility. The battery stores surplus electricity from renewable sources and feeds it back into the grid as needed. In this way, ...

[Battery Energy Storage System \(BESS\) Manufacturer ...](#)

31+ Years Experience In Manufacturer and Supplier of Battery Energy Storage System (BESS) EnerCube is a high-tech enterprise specializing in the sales ...

Sales and engineering of lithium batteries

With our large Swiss warehouse, we can quickly and easily deliver the desired Li-Ion cells to all of Europe. Our staff has years of experience with lithium ion batteries and can provide optimal ...

Switzerland: EWS and MW Storage expand battery unit to 28MW

Utility EWS AG and developer MW Storage have completed the expansion of a battery energy storage system (BESS) project in Switzerland from 20MW to 28MW, making it ...

Home , Delta Capacity

Delta Capacity is a Swiss-based developer of utility-scale battery energy storage systems (BESS). Our flexible energy solutions enable the transition to a fossil ...

Turnkey solar photovoltaic system

Can my battery-powered solar system be connected to the national grid? What is the typical storage capacity of batteries used in solar home systems in Switzerland?

Energy Storage and Switzerland

Kongsberg selects Leclanché for energy storage solutions for electric and hybrid marine industry; 45 MWh for 9 vessels Green Car Congress
NOVEMBER 13, 2018 Leading ...

Top 100 Battery Storage Companies in Switzerland (2025) , ensun

Renata SA is a prominent manufacturer of battery technologies, offering a wide range of products such as silver oxide batteries, lithium batteries, and rechargeable solutions, making it well ...

A Swiss Energy Supplier Now Operates a 100MW Battery ...

Swiss energy supplier Axpo has announced that it has acquired and taken over a 1.25MW battery storage system owned by Rhienergy AG, a German power supplier based in the Swiss ...

Expert analysis: "Battery storage needs to be as lucrative to ...

The Battery Energy Storage System (BESS) market is expanding rapidly. In 2023, a total of 17.2 GWh of new BESS capacity was installed in the EU, representing a 94% increase ...

Top 10 energy storage manufacturers in the world

Company profile: Since 2008, as one of top 10 household energy storage manufacturers in China, BYD energy storage has focused on the research and ...

Battery Storage Solutions , Axpo

Battery storage solutions The turnkey solution for your energy supply As a Swiss Engineering, Procurement and Construction (EPC) specialist, we implement customised, modular battery ...

UPS-Systems, UPS-Solutions, Industrial UPS and ...

We offer sustainable and economical battery storage systems (BESS - Battery Energy Storage Systems). We can either supply complete turnkey systems or ...

Battery Storage

Battery Energy Storage Systems (BESS) play an important role in the renewable energy transition. However, these systems are considered relatively new technology and could in ...

Energy storage provider INTILION taps into the ...

With its expertise from operating its own plants, it designs optimal overall solutions as an energy service provider, including energy storage ...

Sales and engineering of lithium batteries

With our large Swiss warehouse, we can quickly and easily deliver the desired Li-Ion cells to all of Europe. Our staff has years of experience with lithium ion ...
