## Overview

---

What type of power outlet does Thailand use?

Thailand uses power outlets and plugs of types A, B, C & O. Take a look at the pictures below to see what these plugs and power sockets look like: Doesn't look familiar?

Do the outlets look different in your country?

You'll need a power plug adapter. Type A - Mostly used in the US, Canada, Mexico, Central America, China and Japan.

Do I need a travel adapter for a charger in Thailand?

However, it is possible you'll need an adapter to plug the charger into a Thailand outlet. Thailand uses electrical outlets and power plugs of types A, B, C & O (see images). If your country uses the same electrical outlets and power plugs, you don't need a travel adapter. Are the electrical outlets and power plugs in your country different?

.

What type of plugs are used in Thailand?

Type O - Used exclusively in Thailand. Plugs of type C will also fit into a type O socket, and there is unsafe compatibility with type E and F plugs. If you're not sure whether the outlets and plugs used in your country are the same as in Thailand, you can use the tool at the top of this page to check if you need a travel adapter.

Can I use a power socket in Thailand?

All power sockets in Thailand provide a standard voltage of 220V with a standard frequency of 50Hz. You can use all your equipment in Thailand if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa

and Asia.

Do I need a voltage converter in Thailand?

Yes, the electrical outlets in Thailand are the same as in the United States, both countries use power plugs and electrical outlets of types A and B. However, the voltage and/or frequency used in Thailand is not the same as in the United States, so you may need a voltage converter. Do I need a travel adapter for Thailand?

.

Can I connect my laptop charger to an electrical outlet in Thailand?

Yes, you can connect your laptop charger to an electrical outlet in Thailand as long as the outlet is compatible with the charger's voltage and plug type. In Thailand, the standard voltage is 220V and the standard frequency is 50Hz.
