Who is UK solar power?

UK Solar Power Ltd is a Multi-Award winning Global British Solar Panels & Solar Street Lights Manufacturer.

Why should you choose a British Solar brand?

Customers are increasingly aware of solar supply chain issues, including links to modern slavery. Offering a British brand with ethical and transparent procurement practices sets you apart, providing customers with high-quality products and confidence in your commitment to integrity.

Who are UK solar power global installers?

Our UK Solar power global team of installers are a specialist State Government & NGO project installer that work closely with the UK Government DBT to facilitate solar projects, this unique ability makes us one of the most popular in the industry for Government & NGO projects.

What are uksol solar panels?

UKSOL solar panels feature N-Type TOPCon technology, an advanced solar cell design that enhances efficiency, durability, and energy yield. With minimal light-induced degradation (LID) and superior bifacial response, TOPCon cells ensure long-term performance and higher power output, making them ideal for sustainable energy solutions.

Are uksol solar panels ethical?

UKSOL solar panels are ethically manufactured, ensuring fair work practices, environmental responsibility, and full supply chain transparency. With rigorous third-party audits and compliance with Sedex SMETA standards, UKSOL upholds the highest ethical standards in solar production.
