

Vietnam non-standard photovoltaic panel manufacturer

Overview

>> Allesun New Energy | Reviews, product prices, contact, CEO Incorporated in May 2006, Allesun New Energy is a company that specializes in making solar cells and solar modules, with current capacities b.

Who makes solar panels in Vietnam?

In particular, the company produces monocrystalline and polycrystalline solar panels with current capacities that range from 3W to 320W. Located in the suburban area of Ho Chi Minh City, Vietnam, Solar Power Vietnam makes use of solar cells from Solar World (Germany) and Suniva (the U.S.A.).

Where is the largest solar panel factory in Vietnam?

Trina Solar (Bac Giang) In 2017, the solar panel factory of Trina Solar (Vietnam) Science & Technology Co., Ltd. was officially inaugurated and put into operation in Bac Giang. The total designed output of the plant reached 1GW, which is the largest solar panel factory in Vietnam today.

Are solar panels regulated in Vietnam?

In Vietnam, the certification for solar panels and solar inverters is strictly regulated by the Directorate for Standards, Metrology, and Quality (STAMEQ) under the Ministry of Science and Technology.

Why are solar inverters certified in Vietnam?

For the solar inverter manufacturers in Vietnam, the certification process ensures that their products are safe, reliable, and efficient. It also helps build trust with customers, as they can be confident in the quality and performance of the certified solar inverters.

Why should you invest in solar panels in Vietnam?

When exploring the solar panel manufacturing industry in Vietnam, several key considerations come into play. The Vietnamese government has established various incentives to promote renewable energy, including tax exemptions and feed-in tariffs, which create a favorable environment for

investment.

Where are Vsun solar panels made?

Located in Bac Giang province, Vsun is equipped with advanced solar PV production lines from Japan and produces a wide range of high-efficiency solar products. Vsun's product portfolio includes both mono and polycrystalline solar modules that offer high efficiency and excellent durability.
