

**SolarMax Pro Energy Storage Systems**

## **Which BESS power station is best for Polish communications**

## Overview

---

Is Poland moving towards battery energy storage systems (Bess)?

As expected, Poland's latest capacity market auctions have highlighted a significant shift towards the battery energy storage systems (BESS) beside the fact that the de-rating factor has been significantly decreased.

How many GWh of Bess projects will be built in Poland?

March 6, 2025: Greenvolt Power and BYD Energy Storage have agreed plans to develop up to 1.6 GWh of BESS projects in Poland.

Should Bess invest in the Polish capacity market?

Moreover, preferential or market loans could finance up to 100% of eligible costs. This optimism is at the same time being overshadowed by the capacity market developments. Until recently, the Polish capacity market provided a very attractive source of stable revenues for BESS, offering 17-year contracts.

How many Bess applications have been received in Poland?

The continued interest of BESS developers in the Polish markets was recently highlighted by a staggering number of applications in the 1 billion EUR subsidy scheme. A total of 630 applications were received for 20 GW and 122 GWh of BESS, exceeding the program's budget sevenfold .

What energy storage projects are happening in Poland?

Another notable energy storage project in Poland is gigafactory company Northvolt's energy storage system (ESS) assembly and production facility, which recently bagged a share of €1.8 billion in EU funding. State-owned power company PGE Group has obtained regulatory approval to build a 200MW/820MWh battery energy storage system (BESS) in Poland.

How many GW of energy capacity has Bess been awarded?

Following information from Jan 5th, 2024 of the President of Energy Regulatory office on announcement of capacity market auction final results, the company was awarded 1.2 GW of capacity for its wholly owned six BESS projects, which represent over 70% of the total capacity awarded to BESS technology.
